

## Best Chance in Years for a Vacation East

### DATES OF SALE

July 23, 24; August 13, 14; September 10, 11.

### ROUND TRIP SALE

On the above dates you can buy excursion tickets to the following eastern cities, and at Chicago or St. Louis buy daily 30 day round trip tickets at the lowest rates in years to New York, Boston, New Jersey, New England, Atlantic Coast and Canadian resorts. Omaha, Kansas City, \$40.00; Chicago, \$55.00; St. Louis, \$49.00; St. Paul, \$52.00; Peoria, \$51.10. Other eastern points in proportion.

### DAILY LOW RATES

On other dates than those named above somewhat higher excursion rates with longer limits are in effect to principal eastern cities.

### THE BURLINGTON'S THROUGH SERVICE

Every day through standard and tourist sleeping car service via scenic Colorado and Denver to the East. Personally conducted east-bound excursions frequently each week.

### GO BURLINGTON

Take a Burlington folder, note the Burlington's eastbound service—three daily highest class trains—Denver to Chicago, and two to St. Louis. The map shows the attractive and diverse routes possible if your ticket reads "Burlington." Burlington trains have the "On Time" habit. The Chicago-Denver Limited reached Denver on time 355 days during 1932. Let me help you.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed, the Eustachian Tube is blocked. When the tube is blocked, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; and cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.  
Sold by Druggists, 75c.  
Hall's Family Pills are the best.

## Every Woman

is interested in knowing how to keep her skin in the best of health. The only way to do this is by using the MARVEL Whirling Spray. This new Whirling Spray, which is sold in all drug stores, is the only one that gives the skin the best of health. It is the only one that gives the skin the best of health. It is the only one that gives the skin the best of health.

## Men and Women

Use Dig for unusual diseases, inflammations, irritations or ulcerations of mucous membranes. Pains, and not attributed to catarrh, or other causes. Sold by Druggists, or sent in plain wrapper, 17 cents, 3 for 50c, or 6 for \$1.00. Circular sent on request.

The government has obtained control of the patent on an automatic washing machine designed to prevent frauds against the customs service.

## FRANCHISE GIVEN BAMBERGER ROAD

Last night the city council met in executive session in the council chamber, and transacted the regular routine business.

They granted the Salt Lake & Ogden railway a franchise to conduct a line on Lincoln avenue north of Thirty-first street to the city limits. After three readings of the petitions, the rules were suspended and the franchise granted. The railroad company will erect poles and lay track from Thirty-first to Lincoln and their station will be on Grant and Twenty-second.

President Bamberger explained the hasty action of his road in securing the franchise by saying that as Lincoln avenue would soon be paved and the grades made, the railroad people wanted to get their track in place, thereby saving money to both the railroad company and the city. Work will be pushed and the new road will soon commence work on that street.

Mrs. Tillie Hancock Poulter recommended and petitioned that Miss Mary Moran be appointed a deputy in the recorder's office. Miss Moran was unanimously elected.

The treasurer reported the sum of \$40,992.34 as the amount on hand. The money coming from the following departments:

Waterworks department ..... \$11,794.57  
General fund ..... 14,371.40  
Special funds ..... 14,826.37

G. W. Gayman filed an application for a liquor license at Sylvan Park. With the application came a communication from Chief of Police Browning recommending that the application be refused. In his communication Mr. Browning said that if the license were granted it would tend to demoralize and weaken the young people who attended the dances given at that place. He also said that at the time the park was built, there was erected nearby a building which was to have been used for dispensing liquor. At that time the license was refused, and he did not think the council should grant it now. The application was denied.

The board of trustees of the State Industrial school, by Harry Joseph, petitioned for the extension of the water mains to the institution. The matter was referred to the special waterworks committee.

The Auditorium band, through its leader, A. L. Agee, informed the council that it would accompany the Dixie Logan post to Salt Lake on the 11th of August and participate in the parade that day, and also that it would give a band concert every evening during encampment week, from the balcony of the city hall. Mr. Agee also said that if the council would grant them some financial aid, the name of the Auditorium band would be changed to the Ogden band. This matter was referred to the finance committee.

J. M. Mills, city superintendent of schools, petitioned the council for the use of the corridors of the city hall to hang pictures of the city schools where everyone could see them. He also asked for the use of rooms in the city hall, when there would be no conflict with other meetings, for the accommodation of visitors. This was referred to the public buildings and grounds committee.

The waterworks payrolls and claims were read and allowed.

Engineer Parker was instructed to notify the companies having poles on Lincoln avenue between Twenty-first and Thirty-second streets to remove their poles within thirty days.

J. C. Gages, M. Doyle, Wheelwright Construction company, Bateman Bros., and others submitted estimates for sidewalk extensions and improvements.

On a motion by Councilman Peery, the improving of the road in the dugway leading to Ogden Canyon was ordered.

Councilman Austin moved that fire hydrants be installed on Lincoln and Thirty-first, and also on Grant and Thirty-first, thereby facilitating the fighting of fire in that district. The motion was referred to the waterworks committee.

City Attorney Devine recommended that the appeal now in the district court in the case of Mellow versus the City of Ogden be settled, for an amount practically the same as given in the first judgment.

Upon motion of Councilman Flygare the council adjourned for two weeks, owing to the G. A. R. encampment.

### LARGEST SALMON CATCH IN PUGET SOUND WATERS

Port Townsend, Wash., Aug. 3.—Advices received here last night give news of the largest individual salmon catch ever recorded for Puget Sound waters. The Watcom's lightbox, owned by Capt. E. A. Sims, captured more fish than the fishermen have been able to handle, the number being estimated at from 60,000 to 75,000.

Returns from sockeye fishing grounds received indicate that an enormous run of fish has commenced. The fish are being shared in the big catches. Every canner on Puget Sound, commissioned for service, is reported as running at full capacity to handle the catches.

### HEAVY DEALINGS IN BOSTON WOOL MARKET

Boston, Aug. 3.—Heavy dealings are reported in the local wool market, with prices well maintained. The largest movement have been in inventory staples. Dealers are extremely busy opening new lots from the West. Fine territory staple is selling at 75 to 98 cents; scoured and half-blood Montana from 28 to 30. Ohio fleece has been fairly active. Texas and California wools figure in the activities while the market in pulled wool and the foreign product keeps pace with the domestic.

### WAGNER WILL BE BACK IN THE GAME TODAY

Pittsburg, Aug. 3.—Hans Wagner will be back in the game with the Pirates today when the leaders play Brooklyn. He was forced to retire during the fourth inning of Friday's game on account of the injury received during last Wednesday's contest.

A rumor that Wagner has heart trouble and would be unable to play for many days, is denied by the club physicians, who state his injury is only a sprained muscle in his left side and not serious.

## CHAMPION BILLIARD PLAYER GOES TO BUTTE

Willie Hoppe entertained a full house at the Weber club last night by his clever playing and brilliant fancy shots.

He played a match game with A. Shumway of California, and Shumway didn't get a lookin', the score being 200 to 37. The highest run was made by Hoppe, when he made a string of 80.

Hoppe and Shumway also played a cushion carom game and a three-cushion game, after which Hoppe executed a number of difficult shots.

Hoppe and his manager, Eddie Kane, expressed their gratitude for the courteous treatment the Ogden sports had tendered them.

They left last night to fulfill an engagement in Butte, from whence they will go to the Alaska-Yukon-Pacific exposition.

## AUTO RUNS OVER AND KILLS VALUABLE DOG

Yesterday afternoon, about 6 o'clock, a fine bull pup, owned by Harry McPherson, proprietor of the Grill cafe, was run over by an automobile and instantly killed.

The pup is one which was recently imported by Mr. McPherson at considerable expense and has served as watchdog in the cafe.

While lying apparently asleep at the corner of Electric alley and Grant avenue, an auto driven by Ed Browning tore up the street and ran over him. Mr. McPherson prized the dog very highly and is much grieved at losing so valuable an animal.

## STATE TREASURER FILES HIS REPORT

State Treasurer David Mattson filed his July report yesterday with the state auditor. The balance left over from the month previous was \$569,579.36, which, with the July receipts of \$163,954.98, makes the aggregate \$733,534.34. The disbursements were:

General fund, \$85,054.15; state district school fund, \$2,238.47; state game and fish fund, \$2,019.93; extermination of wild animals, \$21.03; Agricultural college fund, \$40,000; state lands fund account, principal and interest, \$104,543.60; total, \$233,877.18. This leaves \$504,657.16 to begin the August business with. The appropriation among the various funds for the current month is as follows:

General fund ..... \$40,111.26  
District school fund ..... 6,657.02  
Redemption fund ..... 90,491.55  
Trust fund ..... 1,522.08  
Forest reserve fund ..... 34,710.37  
Extermination of wild animals ..... 2,744.49  
State fish and game fund ..... 23,337.95  
Expense account ..... 8.91  
Agricultural college ..... 14,025.55  
Deaf and dumb asylum ..... 12,019.94  
Insane asylum ..... 21,508.04  
Blind asylum ..... 23,907.59  
Miners' hospital fund ..... 28,015.19  
State school ..... 8,689.28  
Reform school ..... 21,867.79  
Public buildings ..... 30,723.15  
Reservoir lands ..... 7,002.52  
School of mines ..... 4,304.24  
State university ..... 14,560.61  
Good roads fund ..... 1,499.50  
Total ..... \$504,657.16

### FIRE ALARM TRAVELS OVER 200 MILES IN 3 MINUTES

St. Louis, Aug. 3.—An alarm of fire for a blaze which originated in the north part of Edwardsville, Ill., yesterday afternoon, was sent over 200 miles in a circuit, and returned to the point ten blocks distant in three minutes. About sunset, a crew in the lower Wabash yards at Edwardsville Junction reported to Agent W. R. Kearney at the station, that a car of coal had caught fire.

There is no telephone in the yard station, so Kearney notified the superintendent's office in Decatur, 100 miles away, by wire. The dispatcher called Pease, the nearest station to Edwardsville, that had a long distance telephone. The Pease operator notified the exchange in Edwardsville and the operator there rang the alarm in the engine house.

In exactly three minutes from the time the fire was reported, the apparatus was on its way.

### DEVICE TO CONTROL THE SPEED OF AUTOMOBILES

Washington, Aug. 3.—A device has been invented by which the speed of automobiles may be automatically controlled. Report to this effect is made by Vice Consul H. K. Byington of Bristol, who describes the device as it has been attached to English machines.

The attachment removes the clutch when the speed of the car slightly exceeds the arranged limit. When necessary, the brake is automatically applied, so that the speed is reduced to just below the arranged limit. The brake is then quickly but gently removed and the clutch again put in. The apparatus is put in action or out of gear in an instant. It fits in a compact aluminum box and takes up but little space.

### DEATHS FROM CANCER INCREASING IN AMERICA

New York, Aug. 3.—One man in every thirty-two and one woman in every eleven die from cancer in this country, according to Dr. Milton E. Foote, consulting physician to the New York Skin and Cancer hospital.

"I have no hesitancy in declaring cancer the worst physical scourge with which we have to contend today," said Dr. Foote in an interview. "Cancer is far more dreaded than tuberculosis, for although the death rate from cancer is not yet so great as that from tuberculosis, it is steadily on the increase while the great white plague has been partially conquered by medical experimentation and is on the decrease."

### DR. ROBERT J. BURDETTE IS SERIOUSLY ILL

Los Angeles, Aug. 3.—Dr. Robert J. Burdette, the humorist and pastor of the Temple Baptist church here, is reported seriously ill at his cottage at Clifton-by-the-Sea. He has not fully recovered from a severe injury to the spine which he sustained in a fall last March.

Dr. Burdette was to have returned to his pastorate Aug. 15, but will be unable to do so. He said yesterday that his resignation was in the hands of the church trustees and though they had not accepted it, he added that he could not resume his pastoral duties and never again would be more than an occasional preacher in the big church that was built for him.

### Home is the only place where man and woman are known as they really are.

## H. H. THOMAS AND HIS WIFE RESIGN

Yesterday afternoon the trustees of the State Industrial school met in the office of C. R. Hollingsworth, where they dispensed with an amount of important business which was before them.

The last chapter in the investigation of industrial school matters in which the work of Superintendent H. H. Thomas and his wife was under his jurisdiction and is said to be one of the best authorities on the handling of that class of boys and girls in the western country.

The trustees decided to abolish the position of assistant superintendent and in its place to be appointed by the superintendent.

It was announced that Miss Lula Mitchell, matron of the girls' cottage, at the institution, would be retained by the new superintendent and the list of other appointments expected to be completed by August 30.

The trustees ordered that 1,000 bags of cement be purchased from the Eccles Lumber company to be used in the construction of houses at the institution, and also the purchase of 200 feet of hose for the institution.

Harry Joseph, chairman of the board of trustees, says that the trustees have decided to install a compulsory fire department at the school and from time to time hose and other implements will be bought which will be obtained for equipment of a model fire department.

The trustees will ask the next legislature for two more cottages for the school, one for the superintendent and one for the chief clerk and his family.

Trustee Walsh was authorized to go to California to buy twenty-five head of Holstein cattle. The last legislature appropriated \$5,000 for the purpose. Judge Gowans will accompany Mr. Walsh on this trip and he will also visit the California reformatory.

Contracts were let to the Eccles Lumber company for repairs for the institution and to the City of Lehi to build a smokestack on the power house and heating plant.

The trustees will meet again next Saturday at 2 o'clock.

It was rumored about town that Mr. Thomas sent a communication to the trustees accompanying his resignation to the effect that Joseph had stated to him that if he (Thomas) would tender his resignation to the board before the special committee which was appointed to investigate conditions at the school sent in their report, the report would exonerate him from any charges that might tend to belittle him, otherwise he would have to stand the consequences. Thomas preferred the results and withheld the resignation.

Nice, little, pleasant, gentle, easy, safe and sure pills, are Rings Little Pills. Pleasant, cathartic, soothes the pain. In any emergency—bruisers, cuts, sores, burns, scratches, etc., Pinesole, carbolic, is best. Sold by G. F. Cave Drug Stores.

### ROCKEFELLER TRIES TO CONTROL SCHOOL ELECTION

New York, Aug. 3.—Considerable friction has appeared in the contest over the election of school trustees at Pocantico Hills, the country home of John D. Rockefeller. J. D. Rockefeller, Jr., has taken such an interest in the fight that he has sent out a circular that a few days ago he issued a circular to the voters declaring that his father desired their re-election. He hurried to Pocantico Hills yesterday with his wife to be on hand for the election this evening. Young Mrs. Rockefeller spent the day at the automobile visiting women residents of the neighborhood, who have a vote in the school election.

Opponents of the present school board insist that they will make trouble for young Mr. Rockefeller if he attempts to vote, as they claim his residence is not there.

### DEATHS FROM CANCER INCREASING IN AMERICA

New York, Aug. 3.—One man in every thirty-two and one woman in every eleven die from cancer in this country, according to Dr. Milton E. Foote, consulting physician to the New York Skin and Cancer hospital.

"I have no hesitancy in declaring cancer the worst physical scourge with which we have to contend today," said Dr. Foote in an interview. "Cancer is far more dreaded than tuberculosis, for although the death rate from cancer is not yet so great as that from tuberculosis, it is steadily on the increase while the great white plague has been partially conquered by medical experimentation and is on the decrease."

### DR. ROBERT J. BURDETTE IS SERIOUSLY ILL

## FRANK HARRIS SUES FOR DAMAGES

Frank R. Harris, through his mother and guardian, Mrs. Bekia D. Harris, has filed suit in the county clerk's office against the Ogden Steam Laundry company for a judgment of \$20,000 for injuries received by the plaintiff while in the employ of the laundry company.

Some time ago young Harris was overcome by gaseous fumes in the washing room and fainted. As he fell, his arm was caught in the extractor, a machine used for drying clothes, and was severed from his body just above the elbow, part of the arm being left in the machine.

### ARTICLES OF INCORPORATION FILED BY NEW COMPANY

Articles of incorporation of the Grand Valley Fruit & Water company of Colorado were filed in the office of the secretary of state today. The company is capitalized at \$100,000, divided into shares of \$1 each, and will carry on a line of fruit and water business in Grand county, Utah. Seven directors have been named to conduct the business of the corporation, consisting of W. F. Marrs, George O. Marrs, William Marrs, E. J. Yetter, I. I. Book, R. L. Willard and G. J. Mohr. Frederick J. Wint of Grand county, Utah, is named as the Utah representative.

The Manti Drug company today filed articles of incorporation with the secretary of state. The capitalization of the company is \$10,000, divided into \$10 shares. A. H. Christensen is named as president; Hyrum Bown, vice president, and W. W. Bown, secretary and treasurer.

### W. M. HULL TO LECTURE IN THE SIXTH WARD

W. M. Hull of the Sheldon Correspondence school of Chicago will lecture to the Mutual Improvement societies of the Sixth ward Wednesday evening, beginning at 7:45.

His subject will be "Character; What It Is, How to Build It, and Why Build It."

### STATE NEWS

(Continued from Page Two).

### HIGGS LOSES HIS CHURCH POSITION

Is Succeeded by Thomas J. Davies as Bishop's Counselor.

Salt Lake, Aug. 3.—Thomas J. Davies is now second counselor to Bishop Joseph Christensen of the Tenth ecclesiastical ward of the Mormon church, as successor to Alpha J. Higgs, who shook the dust of Zion from his feet more than two weeks ago, being accompanied by Mrs. Bessie Eddies, with whom he entered into a bigamous marriage. Mr. Davies was named for his church position at the regular meeting in the chapel Sunday night. The change was announced in the most informal and brief manner, the statement being made simply that Mr. Davies had been selected to fill the position.

### Sheepmen Are Opposed to 40 Per Cent Increase in Assessment.

Salt Lake, Aug. 3.—Indignant protests against the proposed 40 per cent increase in the assessed valuation of sheep per capita by the state board of equalization were voiced at a meeting of twenty-five members of the Utah Wool Growers' association, held at the Commercial club last night. Prominent sheep men from six or seven counties of the state were present at the meeting, and the unanimous sentiment was that the proposed increase in rate of taxation would prove an injustice to the sheep and wool interests of the state. Another meeting, which will be held at the state board of equalization, will be held. The sheep men will put their arguments before the board in an attempt to retain the present rate of assessment.

At present the sheep men are assessed on the basis of about \$2.50 per capita value, and the increase would bring this up to about \$4 per capita, which is, say the wool growers, the maximum value of sheep. They base their allegations of injustice on the ground that all other property is assessed at about 60 per cent of the value. The question of real estate and business property assessment as an example.

They say that the state board of equalization is considering the proposed increase on the strength of the recent increases in the market price of wool and cotton, while it is claimed, has increased the per capita value of sheep. The wool growers meet this argument with the assertion that no more prosperity is theirs than other industries have met with. They assert further that the increased assessment would eat up twice over whatever increases in wool and mutton prices they are enjoying. They also put forth higher range expense as a further argument.

There are about 2,000,000 sheep in Utah. The annual wool crop runs close to 15,000,000 pounds, with prices ranging between 15c and 22c per pound. The sheep are valued at about \$8,000,000, so that the proposed 40 per cent increase in assessment would give the state \$3,200,000 extra value on which to levy taxes, a considerable source of revenue.

The wool growers claim that this would be gross injustice. They are confident that the increase will not be made, and assert that, if necessary, the state legislature will be appealed to.

Members of the state board of equalization had before them Monday the county assessors and other officers in Salt Lake and adjoining counties in an effort to ascertain the reasons for the discrepancies between the figures in the state and county reports, as to the number of sheep. In the state, the state reports showing about 700,000 more than the county reports. The announcement that the board proposed to raise the rate of taxation on sheep 40 per cent to even up matters has caused many protests to be sent in from sheep owners.

### FILIPINO COMMENDED FOR HIS HEROISM

Washington, Aug. 3.—Quartermaster Tomac de la Cruz, of the Naval Auxiliary Nanshan, a native Filipino, who displayed such great heroism in the effort to rescue fellow shipmates from gas asphyxiation, on May 21, while the vessel was on her way from Cavite to

## Better Than a Help Wanted Ad.

Mrs. Leroy—"Anty, I'm just trying to compose a help-wanted ad. for the newspaper that will bring me a washwoman. They're awfully scarce and I'm so tired out doing my own washing I'm nearly half dead."

Anty Drudge—"Help wanted? Huh! The help you want is Fels-Naptha soap. Instead of writing that ad. you write a postal to your grocer to send you some Fels-Naptha. Then do your washing with it in cool or lukewarm water, without boiling and hard rubbing, and you'll need no other help. It won't make you tired, nor take half so long."

If you want some clothes washed in a hurry, Fels-Naptha is a friend in need.

You don't need to wait for the laundryman or the washerwoman.

You don't need fire, nor hot water, nor washboard, nor washboard.

In summer or winter Fels-Naptha will take the dirt out of your clothes in cool or lukewarm water in the shortest time without hard work.

And do it more thoroughly than the most elaborate laundry outfit with any other kind of soap.

You'll find it immensely convenient in having a supply of Fels-Naptha always on hand.

It will solve many vexing washing and cleaning problems in easy fashion.

All that's necessary is to have cool or lukewarm water, and follow the simple directions on the red and green wrapper.
